

The Great Egg Escape

An Easter Escape Game for Your Bunnies

Oh no! The evil Easter Grinch has struck again! Hopping behind the Easter Bunny, the Grinch has locked-up ALL of your Easter goodies in hopes of ruining Easter for everyone!

Luckily, the Easter Bunny has managed to outsmart the Grinch by leaving clues in the eggs he hid along his route. You will have 45 minutes to find the eggs, decipher the clues and crack the codes that will disarm the time bomb on your Easter basket... or all of your Easter goodies will be blown to pieces!

Hippity Hop - Can You Beat The Clock?

Great Egg Escape

Hello and thank you for choosing the Great Egg Escape for your escape room adventure!

This simple and easy-to-run game is meant to be played as a team building exercise either against each other or against the clock. The kids will work together to complete 4 challenges. Solving each challenge correctly, the teams will have a 4-digit code. With the correct codes, the teams will then “unlock” the clue to the next challenge. In the final round, the code will be used to disarm a (fictitious) time bomb, saving their precious Easter goodies.

What lies ahead we hope will be a fun, interactive activity for your child meant to challenge their brain and enhance their team building skills!

What you will need:

To play this game, you will need to purchase the following -- and that is it!

- A print out of the materials
- Brachs Jelly Beans
- 36 fillable Easter Eggs
- Scissors (to assemble some of the clues)
- Clear tape, scrap paper, pens/pencils for the kids to work through some clues
- Four separate areas (rooms or parts of a room to “hunt” in)
- Easter goodies for the reward!

Extra:

- You may add another element to the game by adding in locks. See “Adding locks” section.

Game Set Up

- **Print out the materials.**
- **Fold the Gamemaster Guide in half.**
- **Cut out the directional clues (1 page, 4 clues).**
Place the Directional Clues inside the folded Gamemaster Guide.
- **For each challenge, you will insert clues into eggs.**
 - More information in actual game.
- **Hang a sign in each of the four areas that you will have an egg hunt in.**
 - More information in actual game.
- **Place your Easter goodies in a basket or box (a simple shoebox will do).**
- **Keep the Gamemaster Guide and directional clues someplace where you can access them.**

Great Egg Escape

Playing The Game:

IT'S REALLY THIS EASY!

To start the game, read introduction from the Gamemaster Guide, hand the kids their first directional clue and set the timer!

At the end of each round, the kids will give you a code. If they are right, give them the DIRECTIONAL CLUE for the next challenge.

- If you are using locks, the kids will unlock the next clue and you do not need to do anything.

Upon successfully completing round 4, let the kids know they have dismantled the timebomb and they can open the Easter goodies!!!

- If using locks, the kids will do this themselves! (see “using locks” section)

Take pictures and celebrate that they saved Easter from the Easter Grinch!!!

Adding Locks!

This is not essential, but a fun, added element to the game!

More directions in actual purchase on how to enhance your game by adding locks!

Great Egg Escape

Sample Game Materials

Here is a smattering of what you will receive when you get the game.

Great Egg Escape

*This has been just a sampling of what you will receive when you purchase **The Great Egg Escape!***

The complete package includes:

- **A Host Guide**— A complete how-to of how to successfully set-up and run your Great Egg Escape! It includes directions on what to buy, preparing the materials, how to include locks and setting up the game.
- **Designed Invitations**— To invite your friends to come and play with you! (2 designs)
- **Gamemaster Guide**— A simplified guide for you to run your escape game with easy instructions for the adult/gamemaster running the game for the participants. Includes hints and clues if kids get stuck on one of the sections.
- **Adding Locks Section**— If you desire to enhance your game by adding locks and lock boxes, this section will direct you on everything you will need to do so and how to do it!
- **Room Signs**— Designed signs to be placed around game area to help enhance the mood and set boundaries for where the children will find their clues.
- **Directional Clues** —These designed clues will lead the game players from one area to the next.
- **Game Clues**— These clues will be hidden within the eggs. Once found and deciphered, the clues will give the participants a code they will enter to move onto the next round/get the next clue.
- **Time Bomb (picture)** — This will be attached to the prize at the end of the game, so the kids can “dismantle” the bomb before the timer is up.
- **Celebration Sign**— to pose with once you have EGGSCAPED!
- **Answer Key**— a detailed explanation of all the games and how to solve them, if anyone were to get stuck. ***There are hints in the Gamemaster Guide, to help the participants successfully solve the puzzles without having to look at the Answer Key.*

All of our parties and games come in the form of a professionally designed pdf. Immediately after completing your order, you will be able to re-login to your account using the username and password you established in the purchasing process. Once in your account, you will have the ability to download your party for 60 days. This allows for you to instantly start planning your game today!!!
