# Once Upon A Time...

You were invited to a murder mystery party.

After the mysterious disappearance of Cinderella, Prince Charming is throwing a ball to find a new wife. Some of the Kingdom residents question how the prince could move on so quickly, while others are jumping at the chance to earn their spot as the new princess in the castle.

As the evening escalates, a killing occurs in the palace ... leaving you to write the final chapter.

Will you finger a devious dwarf who may know too much? A sinister stepsister who has worn out her welcome. Or perhaps a pouting princess who is plotting to win the heart of the Prince Charming.

In a kingdom where jealousy, betrayal and deception are common story lines, it will be up to you to find the felon so that everyone can live happily ever after.
